

Templates for a 10" Oak Leaf and Acorn Quilt Block shapes from Electric Quilt 6

Use my optional template if you would like to simplify the block's center. The oak leaf patches will fit underneath and the "acorns" are offset. Round acorn edges a bit if it helps you applique them.

OR, construct a large Yo Yo instead and decorate its center with a button. Make a yo yo that finishes at about 3" square.

Yo Yo Instructions:
